Gazebos and Barns with snow on the roofs the blue sky back drop & flags makes this one of my favorite photos.

Pete the Paint has occupied the horse barn above now for 6 + years and is a well known fixture.

Photo to the right shows the “ Well of Information” that is at the entrance and allows customers to take information flyers or brochures any time that the center may be closed. The Well of Information will remain. Barn with horse will also remain if tenant wishes to continue selling the horse barns and shelters.

This aerial photo shows the center in respect to I-77. Office & display areas are very visible to the traffic, right-away is completely open and the DOT maintains the right-away, cuts the grass and picks up the liter on a regular basis. Photo below shows the north side of the Cabin office with Handicap ramp and Garage.

Photo to left shows the southern side or north bound view of the Cabin.

Sales person / manager desk area includes the desk & chairs, book shelves, wooden storage chest & flat screen TV included in the lease. TV works well as a sales tool.

Main level Reception desk area, desk & matching chair plus Leather guest chairs included in the lease rate if wanted.
